

**POTENTIAL WORLD HERITAGE SITES:**

This is a working list of potential historic properties being considered for the World Heritage Serial Nomination of U. S. Civil Rights Sites. Our main sources are the three thematic studies done on the modern civil rights movement by the National Park Service (<https://www.nps.gov/nhl/learn/civilrights.htm>). In addition we have consulted with staff members of the National Park Service, various State Historic Preservation Offices, civil rights scholars and other experts. All sites are evaluated according to the UNESCO World Heritage Committee's strict set of criteria.

NOTE: Property owner consent is required in order for a site to be included in the Serial Nomination. In the case of publicly owned properties, approval must be obtained by the appropriate local, state or federal agency.
